

# Leading Leaders You Should Know About

## Rishab Puri & Sameer Narang, Co-founders - Indigrid Technology Pvt Ltd

Founded in 2016 by visionary entrepreneurs Sameer and Rishab, Indigrid Technology is redefining India's electronics manufacturing landscape through innovation-led growth and engineering excellence. With a cumulative Series A investment of ₹115 crore, the company has rapidly scaled its operations from one manufacturing facility to three, strengthening its capabilities across automotive and consumer electronics.

Operating across Build-to-Print, Design-Led Manufacturing, and Original Design Manufacturing (ODM), Indigrid's vision goes beyond manufacturing — it aims to position India as a globally trusted hub for high-quality, technology-driven production. By investing in advanced R&D, scalable infrastructure, and sustainable growth, Sameer and Rishab are building an ecosystem focused on speed, reliability, and future-ready solutions, while contributing meaningfully to India's journey toward becoming a global manufacturing powerhouse.

## Yusuf Poonawala

Yusuf Poonawala is redefining modern success by blending ambition with well-being. A TEDx Speaker, Amazon best-selling author of *The Balanced Leader I & II*, and Governor's Award recipient under Viksit Bharat, he's a leading voice in leadership and lifestyle transformation.

His passion for travel goes beyond itineraries. Commissioned by Spain Tourism Authority of India, he authored *The Spanish Table*—a 2026 Amazon bestseller featured in *New York Weekly* and launched on World Book Day. It's a sensory journey through Spain's culinary and cultural soul.

Through *Lux Voyages* by Yusuf, he curates bespoke, emotion-rich holidays for milestones. His "Balanced Universe" ecosystem helps high-performers find clarity and calm. With his upcoming online program, "The Balanced Leader Journey," Yusuf is scaling balance-led leadership for entrepreneurs across India.

## Shreya Rajotia

Shreya Rajotia is an entrepreneur and a next-generation business leader building her career at the intersection of fashion, manufacturing and entrepreneurship. A postgraduate from NIFT Delhi and an IIM FBM dropout, she's redefining the balance between startup ambition and family business legacy.

While contributing to the growth and modernization of Technocrats Die Casting (India) Pvt. Ltd., a family-run manufacturer of pressure die-casting machines with over three decades of legacy, she simultaneously founded Tussya by Shreya Pvt. Ltd., a fashion label spanning luxe clothing and accessories, with a presence across multiple marketplaces and growing recognition among celebrities, influencers and fashion enthusiasts.

Her journey reflects a refusal to choose between seemingly opposite worlds. Through Tussya, she celebrates maximalism, bold self-expression, and the richness of Sanatan Dharma, while contributing fresh perspectives to a decades-old manufacturing legacy. Her philosophy remains simple: abundance rather than restraint.

## Dr. Nidhi Panchal, Chairperson, National Victor Public School (IP Extension and Vaishali Ghaziabad UP)

A visionary force in education for over 25 years, Dr. Nidhi Panchal is the driving force behind the NVPS Group of Schools. Under her elite leadership, the institution celebrates a monumental 50-year legacy of educational excellence, empowering more than 10,000 students annually across multiple campuses.

Dr. Panchal's fierce commitment to global standards and value-driven leadership has cultivated a premier network of alumni leading industries worldwide. For Dr. Panchal, education isn't just an institution—it is a powerful, lifelong mission to sculpt future-ready global leaders and create a lasting generational impact.
